## We're here for Birth-3!

Children's Therapy Center offering  
PT/OT/ST for all ages of pediatrics,  
including babies, toddlers, and  
preschoolers!

Prevents a child from being too  
comfortable or being distracted  
by their environment, allowing  
for greater participation in  
sessions

Caregiver participation encouraged  
and education provided at all  
sessions

All sessions  
held in-person

Social experience: time to see  
or interact with others and  
learn to transition between  
environments
